

Second call

IMPORTANT DATES:

Workshop: **June 11-14**
Workshop free of fee!

Abstracts:
Deadline for abstract submission **April 26**
Abstract submission results **May 10**

Abstracts submission via e-mail
opera-ws@clermont-auvergne-inp.fr

Financial support:
Deadline for financial support application **April 26**
Results on financial support **May 10**

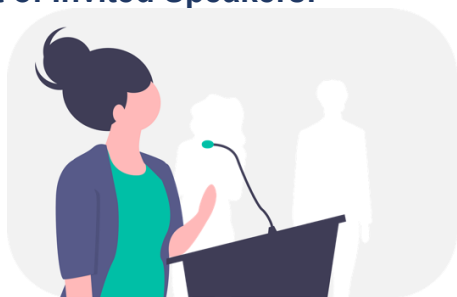

Special financial support for Young Researchers (aged less than 40 y, all countries) and ITC partners!
For financial support apply to **opera-fs@clermont-auvergne-inp.fr**.

TOPICS

- Fundamental aspects of epitaxy
- Theoretical simulation of fundamental properties and functional devices
- Theory of epitaxy
- Material science for applications & Sustainable approaches for epitaxy
- Characterization and control of novel functional materials
- Engineering epitaxial strategies for functional properties of devices
- In-situ growth and characterization & New/optimized tools for growth, techniques and characterization
- Substrates and pre-growth: Towards hybridization and functional materials

List of Invited Speakers:

Will be announced soon

Scientific committee:

Noelle Gogneau (France)
Tamara Potlog (Republic of Moldova)
Laurence Mechin (France)
Yamina Andre (France)
Sergio Fernandez-Garrido (Spain)
Paula Ferreira (Portugal)
Zoran Jovanovic (Serbia)
Gavin Bell (United Kingdom)
Nini Pryds (Denmark)
Susana Cardoso (Portugal)

Local organizers:

Renata Butkutė
Evelina Dudutienė
Augustas Vaitkevičius
Aistė Butkutė
Aivaras Špokas – secretary

Contacts:
